THE HERALD

News from the ASD

A quick update from the Association of Sound Designers

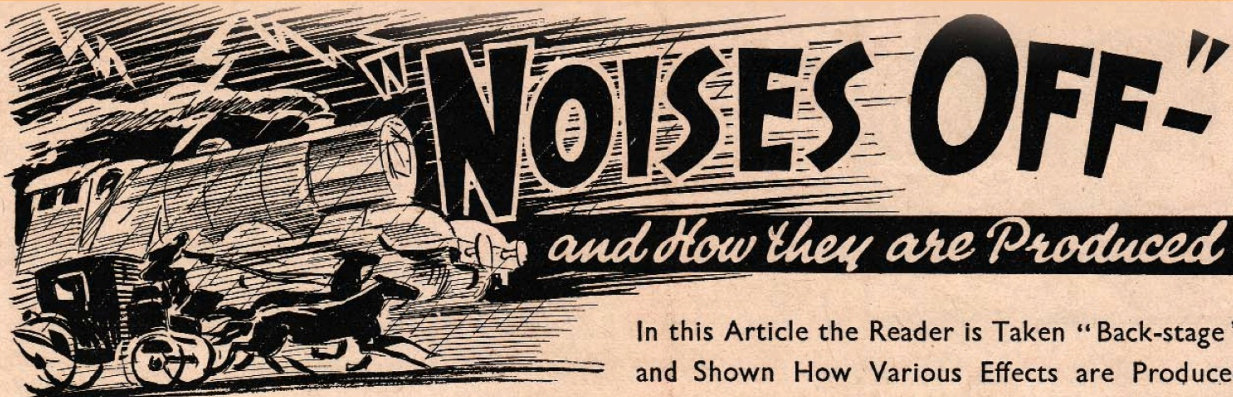

ABTT meeting

We will be exhibiting from Stand 99 at ABTT this Wednesday and Thursday. Please feel free to drop by and say hello! [Click here for more info.](#)

At 1.30pm on Thursday we will be holding an open meeting for members and non-members to discuss the ASD - what it has done since it launched, what it's planning to do over the coming months, and to take any questions or suggestions you might have about what we should be doing. We'll be discussing some new and exciting ideas! This will take place in the Seminar Room - you don't need to register, just turn up - and will be followed by Orbital's seminar "Click Tracks, Sound Effects, and Control: What are the big shows doing?" at 2.30pm

The Echo issue 4 is online

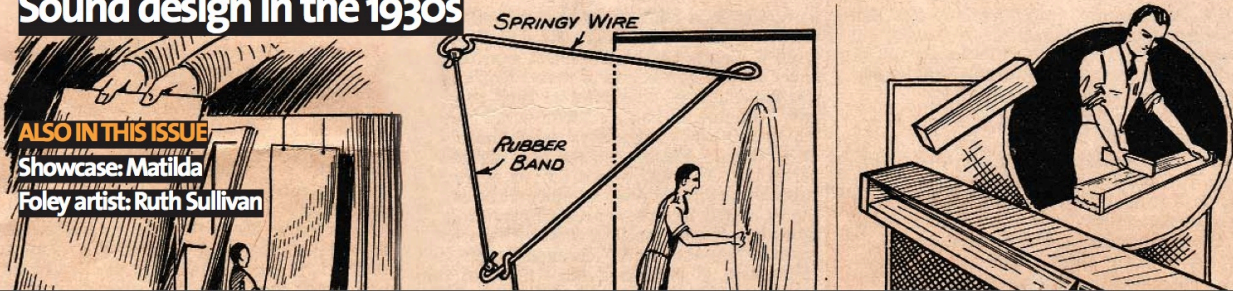

Issue 4 features a showcase of Matilda The Musical, Sound Design in the 1930s, and a host of new columns. [Click here to read it online](#)

Sound design in the 1930s

ALSO IN THIS ISSUE

Showcase: Matilda
Foley artist: Ruth Sullivan
